Database Engineer
Capstone

Coding Interview
Preparation

Jan 20, 2024

Usama Amjad

has successfully completed the online, non-credit Professional
Certificate

Meta Database Engineer

Learners gain the skills required to create, manage and manipulate
databases, as well as industry-standard programming languages and
software such as SQL, Python, and Django.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
